MOTION

WE MOVE that the Administration provide access to public wifi in City facilities where regular public meetings are held.

Vice Mayor David Mann

Yvette Simpson

PG Sittenfeld

[illegible]

STATEMENT

Currently, the City provides no access to public wifi for visitors to City Council meetings at City Hall or Planning Commission, Housing Board of Appeals, or other meetings held at the Centennial office complex on Central Ave. However, at City Hall, we make wifi available to the media.

While agendas, documents, and legislation are made available online, visitors to public meetings are cut off from accessing them in the meeting because we do not provide Internet access. In 2016, that should not be the case.

This motion directs the Administration to take the necessary steps to bring City facilities into the 21st Century by providing public wifi in those places where official business is conducted.
